HELP BUILD A VISION.

## Alanouwaly Salifou Sylla Centre PLANTS

*During the rainy season many edible plants are grown on our land. These are just a few examples. We also grow beans, coconut, oranges, lemons, chilli peppers, manioc and aubergines.*

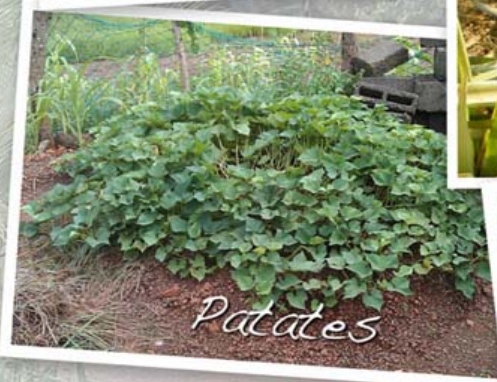

*Sweetcorn*

*Cashew nut tree*

*Pineapple*

*Patates*

*Groundnuts*

*Guava tree*

*Palm tree & Sweet potato*

**Alanouwaly Guinea: Edible Plants growing in the rainy season**

### Salif Fest 2013 UK

We had a great time with Sorel's workshops, music & dance with Wuntanara, & Abram, Mosi Conde, Patrick Vinai, Ross, Drumzkool, Lu, Johnny and many more. We had kid's corner, stalls, info & lovely food with Lawrence at the helm.

### Salif Fest 2013

Great Salif Fest again.  
Thank you to all the volunteers  
including the kitchen workers,  
stall, door, musicians and  
everyone who contributed.

We have continued  
After-school drum  
classes with Abram &  
Sorel leading  
International Day  
Drum & Dance classes  
& performance at St  
Saviour's Primary.

### Alanouwaly Salifou Sylla Guinea

The front of the house is now built up to  
roof level and the next stage is  
fundraising for the roof.

On the right side Alanouwaly Guinea has  
built a big room which we can use to  
house the big screen for viewing films  
and passing on information.

The 3 rooms have been  
finished with 'Antivol' to  
stop any burglars.  
Although usable we still  
need to plaster & paint.

### Newsletter - Vol 2 Winter 2014

Alanouwaly Salifou Sylla Guinea

Alanouwaly can now use the Electricity to:

run our donated computer

- to administer Alanouwaly
- do their accounts,
- to teach It skills
- to create film project & competition
- to charge any machines
- to use as learning tools

We are planning a **film project** with a local camera woman who can teach people to make short films and to edit them on the computer later on.

We are particularly looking for contributions from women to show life in Guinea.

The best films can win prices & could be put on-line.

The next step is to fundraise for a larger screen, so people can watch together, starting discussions about the many issues people are facing.

This is 1 of the 3 rooms in the big house that are ready to be used for the film project.

We now have 2 computers at our disposal and we will commission a lockable cupboard to be made by local carpenter to house these and more.

The rooms can also house volunteers when needed and any materials and tools for workshops can be safely locked up.
